Good Morning,

Thank you for your quick response. I am looking forward to the open house meeting at the end of May. Any materials, notices or publications can be sent to me at this email. If you plan on sending out hard copy material through the mail, they can be sent to my office at the address below my signature.

I look forward to seeing the updated web site very soon.

Mr. Cantu, thank you for your inquiry regarding the San Jacinto Waste Pits site cleanup. I understand you are working with the San Jacinto Coalition. We are currently updating the web site and that should be available soon. Also, you may forward a specific mailing address to me and we can add you to the site mailing list to receive updates and notices. We welcome your participation at a late May open house now being planned.

Thanks,

Subject: San Jacinto River Waste Pits

Good Afternoon Mr. Gray and Mr. Walters,

Allow me to introduce myself. I am an attorney with Lone Star Legal Aid in Houston, TX and am representing a resident of the Highlands area just east of Houston. I have been working with Jackie Young, (not my client) of the San Jacinto River Coalition for some time now in trying to understand the health and legal issues facing that, and surrounding communities. I will be representing my client before the EPA in the ongoing CERCLA process. My client wishes for the EPA to order the responsible parties to order complete removal of the contaminated material(s) at the Waste Pit site.

I wanted to take advantage of this opportunity to request that I be kept-up-to-date regarding any actions taken at the site, upcoming meetings, and any findings that will be of particular concern to my client and the general public.

I hope to hear from you very soon.

Sincerely,

Rodrigo Cantú
